

NanoBeasts STEM+Robotics

Project Based Learning

NanoBeasts afterschool club at ASCA for kids in grades K-2

Let's have fun building Lego model, preparing a poster and go for the noncompetitive expo on April 6.

Theme: Mission Moon

Age Group: K-2

Club day and dates: Tuesday, 1/29, 2/5, 2/12, 2/19, 2/26, 3/5, 3/12, 3/19, 4/2

Meeting time: 3.30pm to 4.30pm

Club cost: \$200.00

Please [click here](#) to register your child

The payment link will be sent once you register your child. Payment by check is also available. Please drop the check at ASCA office.

Expo.Date and Place: 4/6/19 at Good Shepherd Church, Naperville from 10 am to 1 pm

All student participants must be accompanied by parents at the event.

All fee is nonrefundable as we will be registering teams for the expo with the third party.

- Explore challenges facing today's scientists
- Discover real-world math and science
- Design and build a challenge-related model using LEGO® Elements
- Create a Show Me Poster and practice presentation skills
- Develop teamwork skills
- Choose to participate in Expos and showcases
- Engage in team activities guided by the FIRST

Participation fee includes FLL jr. team registration, event registration, parts, and materials. Misuse or abuse resulting in damaged pieces will be charged appropriately.

Registration cost doesn't include optimal field trip cost and team t shirt (\$15).
