

# YOUR CHILD HAS ONE OR MORE SYMPTOMS OF COVID-19

*Symptoms include: fever, chills, new cough, shortness of breath, new loss of taste or smell, congestions, runny nose, fatigue, muscle or body aches, unusual headache, nausea, vomiting or diarrhea*

Sick child performs Covid-19 test with PCR test (molecular test) OR rapid test (antigen test)

\*\*If multiple children in the household: Siblings and carpool students may stay in school if testing is Covid-19 completed within 24 hours

Child tests **NEGATIVE**

Siblings can stay in school

Student may return to school per standard health guidelines:

- Symptoms have improved
- Fever free for 24 hours without the use of fever reducing medication (if applicable)
- No vomiting or diarrhea for 24 hours (if applicable)

Child tests **POSITIVE** or **NO TEST PERFORMED**

Child needs to isolate at home to avoid making others sick

Siblings must quarantine per IDPH guidelines (See "Your child had an exposure to Covid-19" flowchart)

Your child is cleared to return when the three following criteria have been met:

- 10 days has elapsed
- Fever free for 24 hours (without the use of fever reducing medications)
- Symptoms have improved
