

STUDY SKILLS

Are you concerned about your child's study skills? Does your child struggle with time management? Are tests a source of anxiety for your child? We can help with all these issues! This eight-week class addresses topics such as organization, prioritizing assignments, note-taking, studying for tests, and test-taking strategies. Students will have the opportunity to apply their new skills to current assignments. Your child should come to class with a binder, five subject dividers, and a pocket folder.

This is a valuable class that will help your child in junior high and beyond!
