Invest in Kids Overview

- The aggregate amount of all credits the Department may award in any calendar year may not exceed \$75,000,000 (i.e., the total qualified contributions made by all taxpayers for which credits may be obtained may not exceed \$100,000,000 in the aggregate during a taxable year)
- Two individuals filing a joint return shall be considered one taxpayer for purposes of making qualified contributions

If this is a single payment, this authorization is valid for this transaction only. If this is a recurring payment, this authorization is to remain in full force and in effect until I notify my bank or notify the payee of its termination. I understand that I do this by canceling any pending payments and recurring payment instructions within this system at least three banking days before my account is scheduled to be debited.

If a convenience fee is added to the transaction, I understand that the convenience fee displayed will be included in the total payment amount.

In the event that a payment is returned for insufficient funds, I authorize the payee to electronically debit my bank account for the original amount of the transaction, as well as a returned item fee, up to the maximum amount allowed by law.

PLEASE PRINT A COPY OF THIS AUTHORIZATION FOR YOUR RECORDS

Thank You

Illinois made history in August of 2017 with the passage of its Tax Credit Scholarship (TCS) program. Democrat and Republican lawmakers from across the state came together to support quality education options for Illinois children.

Visit Empower Illinois's advocacy partner, One Chance Illinois and thank your lawmaker today for making your tax credited donation possible and let them know that their actions are making a significant difference in the lives of children.
